REVIEW WORK PLAN ACTIVITIES

The meeting packet containing the work plan priorities and accomplishments to date was distributed to the committee members on January 12. The purpose of this meeting was to review the priorities and determine if any changes were necessary. The committee members present acknowledged that many tasks were accomplished and that there were some that didn't get any attention.

The executive director's work plan was adopted by the Minnesota Watersheds Board of Directors. The plan covers 2023 and 2024. Currently, no changes are recommended.

The meeting adjourned at 2:20 p.m.
