

Rice Creek Watershed District  
Project Manager

The Rice Creek Watershed District (RCWD) is excited to announce an opening for Project Manager. The District is situated in the north Twin Cities metro and encompasses a diverse range of land uses from urban to rural. This position plans, develops, and implements water quality and flood mitigation projects in the implementation of the District's Watershed Management Plan. With the diversity of responsibilities, you will be able to collaborate with a wide range of project partners including landowners, local units of government, city departments, agencies, and private and non-profit sectors. The ideal candidate will be experienced in project management, grant and cost-share funding, staff leadership, and collaboration in establishing capital improvement projects. The salary hiring range is \$73,495 - \$104,589 annually dependent on qualifications and experience, plus benefits. Please submit a cover letter, resume, and a signed copy of the private data notice to Theresa Stasica via email at [tstasica@ricecreek.org](mailto:tstasica@ricecreek.org) or mailed to the Rice Creek Watershed District, 4325 Pheasant Ridge Drive NE, Suite 611, Blaine, Minnesota 55449 (763) 398-3070. The position is posted until filled; first review of submittals April 19, 2024. Please visit [www.ricecreek.org](http://www.ricecreek.org) for a full position description or to access a copy of the private data notice. The RCWD is an Equal Opportunity Employer.
