

## Pay Equity and Watershed Districts

All public jurisdictions (any entity with public employees) are required to submit pay equity reports and comply with this law. The watershed districts fall into this category.

If a jurisdiction has not ever reported (for whatever reason), they should email Faith Zwemke at [faith.zwemke@state.mn.us](mailto:faith.zwemke@state.mn.us) with the name of the agency, agency email address, contact person and phone number. DOER will then proceed to get the information in the system and then notify you as to when and how to report. Anyone who notifies DOER within the next couple of months (Sept -Oct 07) would probably be assigned a reporting date of January 2009.

All the information regarding reporting and compliance is on the Dept. of Employee Relations website at <http://www.doer.state.mn.us/lr-peqty/lr-peqty.htm>.
